## Services We Provide

21 Way

60 Way

### Candelabras

Here at ChurchTV we have developed a "Smart Candelabra System". This allows your online audience to purchase and light candles online which are lit automatically inside in your church. This candelabra can also be used as a standard candelabra inside the church. Online viewers can dedicate their donation and leave condolence messages. Candelabras are available in 21, 33 and 60 way in blue, red and white.

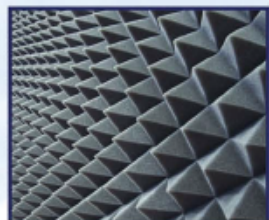

33 Way

Contact us for more details.

### Church Acoustics

Church sound reinforcement and church technology are our specialities. With decades of experience in the design and installation of sound systems in acoustically challenged buildings, we can provide our clients with the expertise required to ensure the best results are achieved.

We provide design and installation of sound systems for churches of all sizes. Our recent client list includes St. Joseph's Leitrim Village and Galway Cathedral. Although completely different buildings with different acoustic challenges, we take the same care to ensure the best results.

### Acoustic Consultancy

Our acoustic engineer Ian Mac Phee is a member of the Institute of Acoustics, who specialises in acoustic design and the specification of acoustic absorption materials.

### Church Bell Systems

We offer a range of bell systems designed specifically for your churches needs.

Contact us for more details.

## Payment and Reporting Platform

ChurchTV has developed a new payment and reporting platform. This is included free with our silver and gold packages.

It is also available as a standalone widget which can easily be embedded into the parish website. It allows parishes to accept payments online and also via scanning the QR code.

The following payment types are available:

Make a Donation, Weekly Contributions, Monthly Contributions and Priests Dues.

Our reporting system captures the required information that may be used for the tax rebate scheme.

All donations are paid directly into the churches bank account. ChurchTV provide the gateway and all the necessary security, compliance etc.

A screenshot of a web widget titled "Choose Amount". It prompts the user to "Please enter the amount you wish to pay (€100.00) (€100.00) (€100.00)". Below this is a text input field containing the number "1". There are two checkboxes: "No, I like to help cover the costs of the church" and "Yes, I like to help cover the costs of the church". A blue "Continue" button is at the bottom.

A screenshot of a web widget titled "Add Your Information". It prompts the user to "Please enter your details". It contains several input fields: "First Name", "Last Name", "Email Address", and "Phone Number". Below these is a section for "Payment Method" with a radio button for "Credit Card" and a "Donate Now" button.

QR codes can be printed and placed in newsletters and posters so visitors both online and in person can donate.

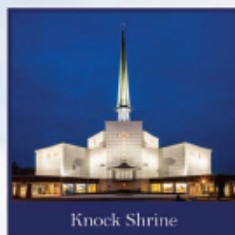

Scan QR code with a smart phone to see example.

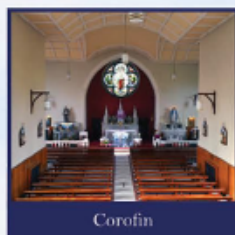

Here are some examples of our widget.
